Vol. I, No. 7

JUL 29 1957

July 1957

JUNE BASE PRICE \$3.62

Dairy farmers will receive a base price of \$3.62 for June deliveries of Grade A base milk to handlers under the South Bend-LaPorte, Indiana, milk order. The base price is based upon a butterfat test of 3.5 percent and will be adjusted by a differential of 7.1 cents for each one-tenth percent that tests vary above or below the 3.5 percent standard.

JUNE EXCESS PRICE \$3.06

June deliveries of Grade A excess milk to handlers under the South Bend-LaPorte, Indiana, milk order will be paid at the rate of \$3.06 per hundredweight for 3.5 percent milk and adjusted by the same differential of 7.1 cents as is used for base milk. These minimum prices are subject to a 3 cent per hundredweight marketing service deduction, together with authorized hauling charges and the 3 percent transportation tax on hauling. For comparative purposes, a uniform price of \$3.51 per hundredweight was computed. This is 5 cents less than the May price and 42 cents less than the uniform price of a year ago.

PRODUCER RECEIPTS

Producer receipts were 3.58 percent less on a daily basis than in May, even with an increase of twenty seven producers on the market. The average daily delivery per farm was down 36 pounds per day, or 6 percent from May deliveries.

CLASS I SALES

Class I sales were off 8.75 percent from May, but were still almost 5 percent higher than last June. However, the decline in Class I sales from May to June in 1956 was only 5.19 percent, while this year it was 8.75 percent.

STATISTICS ON BULK TANKS

A comparison of surrounding markets as of January 1957 is, as follows:

<u>Market</u>	<u>No. of Bulk Tank Producers</u>	<u>Percent of All Producers</u>	<u>Ave. Daily Delivery of Bulk Producers</u>	<u>Bulk Deliveries as % of Total Deliveries</u>
